BEFORE YOU BEGIN: The Independent and Supplementary Prescribing programme is extremely demanding. It is important to read all the information on the form carefully. You will need to do the following before you apply.

- Discuss your intention to undertake the programme with your organisation Non-Medical Prescribing (NMP) lead prior to completing the application (non-medical prescribing has to be appropriate for your role and the service).
- Ensure that you will have agreed access to an NHS prescribing budget on qualification.
- Ensure that you fit the academic and clinical entry criteria. Please note that priority for the 8-month programme will be given to those with a clearly defined scope of practice. We reserve the right to offer only the extended 12-month programme.
- This is a distance learning programme; you must have access to a computer and the internet and be sufficiently computer-literate to navigate an online learning platform and to download and upload files.
- Ensure that consideration has been given to the impact on clinical workload during your period of study.
- Ensure agreement from a Practice Educator. The Practice Educator can be a medical doctor or an experienced non-medical prescriber (nurse, pharmacist or AHP registered).
- Ensure that you can attend all of the compulsory study and assessment days. The dates for the study and assessment days of upcoming cohorts are on the website under programme structure. [http://www.msp.ac.uk/studying/postgraduate/supp-independent-prescribing/index.html](http://www.msp.ac.uk/studying/postgraduate/supp-independent-prescribing/index.html)
- Ensure that you are not away from the period of learning for more than two consecutive weeks.
- Please check information from the HCPC and have a look at this link for frequently asked questions.
Guidance Notes on completing the form

This application form consists of five sections. In order to apply for a prescribing programme within this institution, we require you to complete all **FIVE** sections legibly.

- **Section 1**: Personal details and working practice
- **Section 2**: Declaration of support/access to a prescribing budget
- **Section 3**: Declaration of support from a Practice Educator
- **Section 4**: Funding statement.
- **Section 5**: Personal intention form.

**Only legible and complete applications will be considered at the application panel.**

If you would like to discuss any aspect of the application process, please telephone The Medway School of Pharmacy or the Programme Leaders for further advice on 01634 202945.

The form

- Download the form and save to your computer before using the fillable sections.
- The pages that require signatures will need to be printed out and signed manually.
- Ensure the application form is signed by applicant, manager, NMP Lead and Practice Educator
- The statement of funding must be completed.

Further considerations

Please consider the following:

1. Places on this programme of study are sought-after. If you take up a place and then withdraw you will have prevented another student from taking part.
2. If you have taken up an NHS funded place¹ and then withdraw your organisation may become liable for the entire cost. They may expect you to bear some of that financial burden.
3. The information requested on the application form is required by the professional/regulatory bodies and the university. Please take your time to complete it carefully as any incomplete applications will have to be returned to you which may delay your application.
4. If you are self-employed you need to show as part of your application how you will fit the programme of study into your current practice and how you will practically prescribe once qualified. We do not generally accept students who wish to use the prescribing programme as an addition to their career or in preparation for application for a job in the future. There needs to be an identified current need for your prescribing. You need to show how you will implement it and in particular how the prescribing you undertake will be funded. If you are planning to prescribe from an NHS budget, you need to include the signature of the budget holder indicating that you have permission to prescribe from that budget once qualified.

We look forward to processing your application in due course.

Trudy Thomas,
Prescribing Programme Lead, Medway School of Pharmacy.

¹ A number of funded places are available to Standard Programme applicants providing NHS services to patients within Kent, Surrey and Sussex.

E. ADVANCED PRACTITIONER

All paramedic applicants must fill in this section and provide evidence of HOW you are working at an advanced practitioner level.

- You need to explain how you are working as an advanced paramedic. This explanation should relate to the four pillars that underpin the Health Education England (HEE) definition of advanced clinical practice.²
- Note that the NHS England checklist states that you should “Have normally at least three years’ relevant post-qualification experience in the clinical area in which they will be prescribing”.³
- Note that the College of Paramedics recommend that “You have been qualified and registered for at least five years”.⁴

F. PERSONAL STATEMENT

On the next page please write a personal statement in support of your application. This should be an academic, referenced and reflective piece of around 300-500 words detailing:

- The therapeutic area you will be prescribing in (your ‘Scope of Practice’) i.e. respiratory conditions within the community setting.
  - Please indicate the length of time you have been working in this area, and the number of hours per week that you work.
- Your competence and experience which will enable you to meet the requirement of the prescribing programme.
- The skills you will bring to the role including clinical/health assessment, diagnostics/care management and planning and evaluation of care.
- Clarify the medicines and clinical governance arrangements in place to support safe and effective independent prescribing.
- The benefits for the patient and (where applicable) the NHS.
- Realistic details of how Non-Medical Prescribing will fit into your practice and how it will be funded if self-employed.
- How you reflect on your own performance currently?
- Identified support networks accessible to you whilst undertaking the programme, including confirmation that you will have appropriate supervised practice in the clinical area in which you are expected to prescribe.

PRIVACY NOTICE

Student Applicant Privacy Notice

The Medway School of Pharmacy as part of both the University of Kent and the University of Greenwich is committed to protecting the privacy and security of your personal information.

In relation to your application to the School, we process the data that you provide to us via this application form and any additional documentation which you provide to us. We may also process information relating to your application which is provided to us by third parties at your behest.

The information which we process would typically include:

- Name, title, contact details, date of birth
- Application data, including your qualifications, your previous education, employment details and funding information
- Correspondence

We process personal data about you for the following reasons:

- To determine the suitability of your application for the programme / course
- To administer your application throughout the application and admissions process
- To create a record of your application
- To provide you with information relevant to becoming a University of Greenwich student
- To compile statistics about applicants to the School of Pharmacy.
- Successful applicants will go on to make an application to the University of Greenwich which has its own student applicant privacy notice.

We rely on the following legal bases for processing the data: public task (core or key tasks of universities), a contract with you the individual (including steps before entering into a contract), and compliance with legal obligations.

Relevant Medway School of Pharmacy employees will have access to the application data on this form. We may also share data about you or your application, in some instances, with third parties. Examples of this include:

- If we need to ascertain the authenticity or accuracy of your application (e.g. from examining or awarding bodies, regulatory bodies, NHS organisations);
- Where you have given us consent to discuss your application with a third party on your behalf;
- Where we are required by law or otherwise authorised under Data Protection legislation to share data on your application with official agencies or regulatory bodies (e.g. UK Visas and Immigration and other bodies with statutory powers or authority, and investigating authorities including the police and local authorities);

Data for applicants who do not become fully registered students at the University of Greenwich will be held for two years after the end of the current academic year when the application was made. Exceptions will be where there is an over-riding requirement in law to keep certain data, or for public task reasons. Retention periods are based on our retention schedules, and you can request a copy of the relevant schedule. If you become a registered student, your data will be used to form the basis of your student record, at which point the Student Privacy Notice will apply.

You have rights as a Data Subject. You can see more information about those rights on the University of Greenwich website. Contact University of Greenwich’s Data Protection Officer / University Secretary. email: compliance@gre.ac.uk.
